Haliburton County Board Of Education Presents Budget

On Thursday, April 23rd., the County Board of Education met with all the Reeves and members of Council in the cafeteria of the Haliburton Highlands Secondary School, to discuss the 1970 School Board Budget. This Budget had been sent to all Municipal officials the day previous to this meeting.

Like all school board budgets these days, the costs staggered most Municipal officials, most however by the end of the evening accepted the figures presented by the School Board. Only two, Dysart and Monmouth, led by their Reeves Roy Brohm and Gary Agnew, showed dissatisfaction with the budget.

Leonard Salvatori, Chairman of the Board, opened the meeting by extending a warm welcome to all the members of council and press who were in attendance. He quickly got on the subject of money, feeling he could be in for a roasting with the increase. He pointed out to the gathering the shabby drapes in the cafeteria and said, "these need replacing, they are a disgrace, but we couldn't afford new ones at this time, the Board has done everything to cut the Budget as low as possible." He then handed the meeting over to Mr. David Grey, the boards accountant and advisor, who worked on the budget with the Board.

Mr. Grey went into great lengths explaining in full detail the breakdown of the Budget, in regards to mill rate subsidy, Provincial equalized assessment, Municipal Levy, expenditure, revenue, etc. He also stated that the cost per pupil in Haliburton was below the Provincial average. When he finished he asked for questions.

The first to question the Budget was the Reeve of Dysart, Roy Brohm, he said, "I have no questions to ask Mr. Grey, but I can say right now, our Council will not pay this ridiculous figure of \$444,554 when last year we only paid \$213,223. The people of Dysart can not afford this amount. I will suggest to Council tomorrow that we go to Toronto and see Davies, and if he doesn't give us results we might see Shulman or maybe

even Nixon. We will not pay this amount without a fight."

Mr. Brohm was quickly challenged by Mr. Art Lock of Dorset, who said, "I think the percentages shown here are the closest they have been in years, I hope Mr. Brohm doesn't go to Toronto, helping his Municipality and throwing the burden on us smaller ones."

Charles Brandon, Reeve here in Anson, Hindon and Minden remarked that the lakeshore property assessment was killing the Provincial grant factor here in this county, as long as this situation remained the same, we are in trouble.

A great exchange went on between the chairman and two or three of the Council members, including Gary Agnew of Monmouth who wasn't satisfied with the hike in the budget from \$754,412 last year to \$1,250,625 this year.

Mr. J. Douglas Hodgson, Director of Education took the floor and explained the grim situation the School Board is faced with. He explained the repairs needed to public schools, especially in Haliburton, and the lack of space in Minden, (Continued on Page 4)

ROTARY BINGO WINNERS

Winners at Rotary Bingo on Thursday night were as follows: 1st Share the wealth was won by Evelyne Robertson. 2nd Share the wealth was split between Della Griffin and Mrs. Al Asher. Joyce Hewitt won 'round the inside'. Mrs. Hugh Alton won the \$25.00 jackpot.

KINSMEN ANNOUNCE MARATHON DRAW WINNERS

The following are Marathon Draw winners for the month of March and April.

Peggy Brown of Minden was the \$100 winner in March with the \$50 winners going to Ethel Coleman of Badger, Newfoundland and J. O. Jackson of Mind-en.

In April John Kerr of Bobcaygeon was the \$100 winner with Norm Kay of Lindsay and Ross Purchase of Ottawa winning \$50 each.

THREE DRIVERS FACING CHARGES AFTER WEEKEND ACCIDENTS HERE

John Bernard Greer 20, of RR 1, Norland was charged with careless driving after his car went off Hwy. 35, South of Minden Saturday causing an estimated \$1,500 damage.

Greer was treated for lacerations at Minden Red Cross Hospital. Const. Legge of Minden, detachment OPP investigated.

A Tory Hill youth, Peter John Finlay, 16, was charged with careless driving and having no insurance following an accident Saturday on Hwy. 648, east of Wilberforce when his car went off the road striking four guide posts. Damage was estimated at \$135 to the car and \$32 to the posts. He was not injured. Const. Tom Boyce investigated.

A Haliburton man, David Bishop, was charged with failing to share the road following an accident Sunday involving Bishop's car and a halfton truck operated by John Mike Jackson of Minden. Damage was estimated at \$500 to the Jackson vehicle and \$600 to the Bishop car. Const. Larry Scott investigated.

O.P.P. GIVE NOTICE

The Minden Detachment of the Ontario Provincial Police, gave notice to this paper this week that effective midnight, April 30th., all studs must be removed from car tires using highways throughout Ontario.

Mens high single in playoffs was Bob Coburn with 277
Mens high triple was Neil Burk with 723.
Ladies high single was Dorothy McElwain with 292. Ladies high triple was Cathy McGee with 673.

AFTER WINNING 3 HUSKIES DROP 3 CUP FINAL SATURDAY IN HALIBURTON

Everyone is wondering, why the clapse of the Junior 'D' Huskies in Haliburton, after winning three straight from the Norwich Merchants by scores of 5-4, 4-2, 8-2, and going on to lose the next three by scores of 7-5, 6-3, 6-5?

This series is the Ontario Finals, and the big question facing the Huskies now is — can they win under pressure Saturday night when their backs are to the wall?

It would be a big feather in their hats if they could win the final game at home, and at the same time restore the smile on Ab LaRue's face, owner of the club, who hasn't had much to smile about in the last three outings.

Three things have meant the decline of the huskies — injuries to key players Cam Botting and their star goalkeeper Lewis Dummitt, have hurt. Defensive errors and the inability to get the puck out of their own end. Thirdly, and probably the most serious downfall is their lack of hussle, along with poor performances out of their veteran performers, Roger Scheffee and

Craig Stanp. These latter two players have plenty of talent, but in the last three games, they have just been going through the motions.

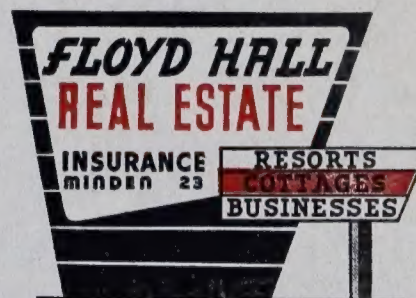

However in the last three games honourable mention must go to Gerry McEwain, Derrell Stamp and Bob Woodcock, the latter played a stand-out game on Sunday scoring three goals.

One must not take anything away from the Merchants, this club has shown better combination, more speed, and have been backed up with some good goaltending. Their greatest asset is their ability to move the puck out of their own end with great speed.

Saturday nights game is the big one, game time is 8:30. It would be great to see Haliburton win it all. Lots of Luck you Huskies.

THURSDAY SMILE

Said the patient mournfully: "I can't pay you, doc. I slowed down like you told me and lost my job."

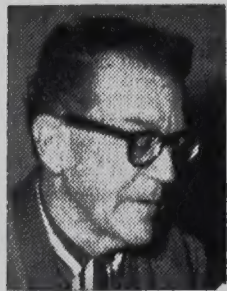

TOWNSHIP OF SNOWDON

20 acres with 2400' frontage on highway 519. Nicely treed, 2 acre pond on property. Good building lots.

TOWNSHIP OF STANHOPE

Excellent building lot 200' X 400'. Level and treed. Close to lake and river. Paved road. Price \$3,000.

Send for our free brochure. Listing property in the Minden and Haliburton areas.

HERE AND THERE

with Fenwick Finch

Over the past week end some of my readers have put a couple of situations to me — I haven't volunteered any cures, possibly some of you readers could come up with an answer or two.

First of all before I mention the first one let me say that the situation we have in Minden is no different than in any other community in the country. As long as you have people — this situation will exist.

The problem of pollution is not new, it has been with us for years; the only difference we have more people now who contribute to the problem.

It is an amazing fact that it is only recently that the TV people are getting into the act now — pollution has become a big news item and everybody and his brother is leaning on the communities.

That brings us to the problem in Minden — the problem is not so much pollution as it is the poor image our community presents to the travelling public. There is no point in singling out any particular area but a walk around the main street and its environs will soon show you hundreds of broken and unbroken bottles, empty pop cans — whiskey bottles and sundry other debris which adds up to a pretty unsightly and dangerous condition — now, the problem is this — who's going to clean up this mess and keep it under control? The general opinion was that a man should be hired for the summer at least to clean up these areas and keep them under control.

Any ideas you might have would be appreciated. There's no use turning your back on the mess — it's there and something should be done about it.

The second problem is a little more involved, it concerns the owners of rental cottages who, as licensed operators pay all types of fees and are subject to inspections and controls. The other side of the coin are the owners of private cottages who rent their properties for most of the summer season but pay no fees nor are they subject to controls. The tourist operators feel this is unfair competition and it's about time something was done about it.

The Chamber of Commerce apparently can do nothing — the Department of Tourism just shrug their shoulders, they can do nothing either — so what's the answer, possibly some of you could come up with a solution.

Now that the income season is upon us I heard of this chap who put down his baby as a dependent — his friends asked him, "howcum, your baby isn't born yet, you can claim it."

The fellow answered, "why not, it was part of last year's work."

While on the subject of money, I have come to the conclusion that as a result of inflation Canadians are getting stronger. Twenty years ago it took two people to carry twenty dollars worth of groceries — today my six year old granddaughter can do it without any trouble.

So much for this week — the weather's getting better, drive carefully so'd you'll be around to enjoy it. Mentioned by a driver — "We must be getting closer to a town, we're hitting more people."

Don't let it be you. See you next week.

Fenwick

OFFICERS ELECTED TO LINDSAY PRESBYTERY

Elected to the office of Chairman of Lindsay Presbytery of the United Church of Canada, meeting at Wilfrid on Wednesday, April 15, 1970, was the Rev. W. J. Price, B.A., B.D., S.T.M., minister of Queen Street United Church, Lindsay. This election followed the presentation of the Nominating Committee Report given by Rev. P. C. Brown of Oakwood. Also elected to office were Rev. E. W. Todd as Secretary, and Mr. C. Taylor, as Treasurer.

Conveners were also appointed as follows — Ministry Division, Rev. H. T. Martin, Finance Division, Rev. N. W. Oake, Communications Division, Rev. G. Ficko, Congregational Life and Work Division Rev. L. A. Dorsch, Mission Division Rev. J. Neal, Administration Division Mr. T. L. Prentice.

The Bible is often sold for much less than cost or given away to the poorer people of some parts of the earth, such as Angola or Cambodia the members of the court were told when addressed by the Rev. Colin R. Rudd of the Canadian Bible Society following the fine supper provided by the ladies of Wilfrid United Church. The only translations of Scripture it distributes are such as are approved by the Board of the Bible Society. Some of their translations are made by the same scholars as produced the New English Translation or the translation "Good News For Modern Man".

The Bible Society whose work often greatly assists the Christian Church has been steadily gaining support in the Bay of Quinte District of which Rev. Rudd is the Secretary.

An impressive Communion Service was conducted by Rev. H. T. Martin, assisted by Rev. G. Ficko and Rev. E. Todd, in the opening devotions, and by the Sessions of the Wilfrid Pastoral Charge.

During this service the Rev. T. Martin, chairman of the past two years, duly installed his successor, Rev. W. J. Price, Chairman Elect of Presbytery.

Just prior to the close of the meeting the Rev. H. T. Martin, lacking a gavel himself during his term of office, humoursly handed his successor a huge wooden gavel two feet or more in handle length with a head some ten inches long and five or so inches diameter, all with his best wishes!

The meeting adjourned to meet during the Conference Sessions at Kingston, May 26, 29, 1970.

The Benediction was pronounced by the Rev. W. J. Price.

LOCAL POLITICS

One of the big items of business in the news this week is the School Board Budget. The Board invited all councils to sit in on a presentation of the Budget last week. To me it seemed like a

lost evening, for most of the people in attendance. Out of 59 people in attendance only 11 had something to say. The budget was set, and by law, the taxpayers have to pay — what can you say, and why the debate?

Mr. David Gray gave a very long and detailed report on how the different Provincial and Municipal tax factors are arrived at, when he completed it was quite obvious that half of the gathering didn't understand a fraction of what was said. This is most of our problems here in Haliburton County, in both school and municipal politics — millions of dollars are spent by people who have never handled any more than a weeks salary at one time. It takes a businessman, and a good one to talk in those kind of figures.

Equalized assessment was designed to help small underdeveloped counties like ours, and in most cases it does — but here in Haliburton it works against us. We have too large of an assessment, due to the vast real estate on our lakes, which turns over each year at a rapid pace. This kind of assessment looks good in Toronto but in reality it is a false one. Part of the reason and blame lies at the municipal level. We are not getting the tax dollar out of our real estate on the lakes, and for that matter, taxes in general are low — now you will holler at this, but it is a fact.

It has always been a political maneuver on the part of local politicians to advocate low taxes, but in reality these days when you talk school budgets, it costs the tax payers the dough in the end.

Now the increase in this years budget is great, it was great last year, and we will predict it will be great next year — because the school board has to cope with wage inflation, which is the big item, along with the higher costs in everything else, not to mention new buildings etc. The Budget will get even greater as time goes on. So you say where is it all goin to end — well it isn't, not just now anyways. But here is what has to be done: Municipal officials will have to stop playing politics and move in a more progressive manner. First of all they will have to bring their assessing departments up to standard. Secondly they should organize right now to change the legislation or get some kind of Provincial help for this county. Glen Hodgson, our M.P.P. was never mentioned at this meeting, it would be a good idea to get his help.

If these steps aren't taken now, the same people will sit around the same table next year, facing a similar Budget — and wondering how the people of this county are going to pay.

COUNTY SCHOOL BOARD PRESENTS BUDGET FOR 1970

(Continued from Page 1) seeing Darcy McKeough, regarding more assistance in the form of Provincial grants. The following is a portion of the budget presented by the school board, showing the requirements needed from each Municipality to balance the budget, and the percentage each Municipality has to pay.

Mr. Tom Welch, clerk of Stanhope, was the only member present to state publicly that he was satisfied with the budget as presented, and said, "Dysart has been getting away for years without paying their share, they are long overdue."

The School Board had a deficit last year of \$97,190 with a budget of 754,412. This years budget calls for an increase which hikes the total to \$1,250,620.

Mr. Leonard Salvatori, stated that a committee from the board would be formed immediately to approach the Province,

SUMMARY OF 1970 REQUIREMENTS

Municipality	1969 Requisition	1970 Requisition	%

CHECK YOUR BOAT FOR SAFETY EQUIPMENT

The warmer spring weekends are beginning to create a stir of activity at the marinas. Boat owners are getting ready for the coming season; cleaning and painting hulls and checking out motors.

The Ontario Safety League claims that safety equipment often gets the short end of the stick on the spring overhaul. It is important that the engine is in good condition and the hull dry, but how about those frayed mooring and anchor lines, the broken paddle that's never been replaced, or the old style lifejackets that haven't been used or even tested for years. They may have an approved label on them but will they work? The safety of your family and your boat could depend on any one of these important items.

And then we come to fire extinguishers. Although all boats are not required to carry an approved fire extinguisher, the Ontario Safety League claims that any boat powered by a gasoline engine, even if it is an outboard, should be equipped with an adequate fire extinguisher. Gasoline fumes are no respectors of anyone's bilge, inboard or outboard; given a chance they will blow with the same devastating effect. A sensible boater will be prepared for such an emergency and equip his boat with an approved fire extinguisher. It is very inexpensive insurance.

TEACHERS DISCUSS 'CRITICAL YEARS'

About 250 elementary public school women teachers from all over Ontario met at the Westbury Hotel on Friday evening, April 17 and Saturday, April 18, to discuss the education of children in kindergarten and the primary grades, the 'critical years'. Attending from this area were, Mrs. Ruth Gorrie, Mrs. Edna Lidster and Mrs. Betty Hicks of Minden Public School, Mrs. Joan Harrison of Wilberforce School, Mr. James Robinson of West Guilford School.

Keynote speaker on Friday evening was Mrs. Ada Schermann of the Institute of Child Study, University of Toronto, who spoke on the objectives of primary education.

Saturday morning was devoted to seminar sessions on a variety of concerns within the primary grades, such as language, mathematics and science activities, the evaluation of children's work and the role of play in learning.

The conference concluded with a speech by Dr. Douglas Heath of Haverford College, Pennsylvania, whose topic was the influence on the teen-age years of a child's primary school experiences.

HEALTH UNIT REPORTS TO COUNTY COUNCIL

It was on January 1, 1968 that Regulations under the Public Health Act came into effect, designating the composition of District Health Units, and outlining the financing of these Units by the Province. A grant of 75% of approved expenditures was given, if a District Health Unit was formed, in lieu of the 50% previously provided.

The municipalities comprising the District Health Unit in this area were listed as follows:

All the municipalities in the Provisional County Haliburton except the Township of Sherborne, McClintock, Livingstone, Lawrence and Nightingale; the united counties of Northumberland and Durham, the counties of Peterborough and Victoria and the City of Peterborough.

During the fall of 1968 and the spring of 1969, joint meetings were held of representatives of the Boards of Health of the Victoria-Haliburton Health Unit and the Northumberland-Durham Health Unit, to plan the amalgamation to form a nucleus District Health Unit. At that time, and to the present date, the Board of Health for the Peterborough County-City Health Unit has not indicated a desire to become part of the designated district.

The necessary by-laws were passed by the three participating counties, and the first meeting of the District Board of Health was held on May 15, 1969, for the purpose of financial participation.

At the end of the year, the council of the Township of Sherborne, McClintock and Livingstone indicated a desire to have their public health services provided by the Haliburton, Kawartha, Pine Ridge District Health Unit, and this has subsequently been approved by an Order-in-Council.

The name given to the new Health Unit was Haliburton, Kawartha, Pine Ridge District Health Unit, indicating the resort areas which play such an important part in the economy of the region.

The senior staff personnel was appointed on May 28, 1969, as follows: Dr. Charlotte M. Horner, Medical Officer of Health; Miss E. Flaxman, Director, Public Health Nursing; Mr. J. D. Finlayson Director, Public Health Inspection Services.

ector, Public Health Nursing,
Mr. J. D. Finlayson Director,
Public Health Inspection Serv-
ices.

The objectives of the Board
of Health and staff can be given
as follows:

1. To set out uniform person-
nel policies, salary and fringe
benefits in line with other of-
ficial health agencies in the
Province.
2. To obtain uniformity in rec-
ording, and to set up new sys-
tems where necessary.
3. To obtain the necessary
staff for existing services,
where vacancies existed.
4. To provide for as much
uniformity as possible in public
health programmes throughout
the Health Unit area.
5. To develop new program-
mes to meet the needs of the
people, and to provide the nec-
essary staff and equipment for
these programmes.
6. To bring down a budget
which provides for the neces-
sary increases in cost, and for
the provision of services, both
continuing and possible addi-
tional programmes within the
percentage increase allowed by
the Province.

In the provision of any health
service, it is the practising phy-
sician who is responsible for
the health of his patients. There
are many disciplines and serv-
ices which assist him in giving
the best health care available.
The nursing staff of the Health
Unit work closely with the phys-
icians in all aspects of their
work, and in this way are able
to give the care and service
which is most needed. The phy-
sicians' cooperation and assist-
ance is always appreciated.

The Health Unit has been in
operation for less than one year,
but during this period there has
been excellent cooperation by
the Board of Health and staff
members in providing services
to the residents.

ONTARIO HYDRO WARNS KITE-FLYERS ABOUT CARELESSNESS

Ontario Hydro has warned Kite flying enthusiasts that carelessness could cut short their summer recreation.

Every year many young people are injured, sometimes fatally, when model airplanes and kites become entangled in power lines.

The ageless sport of kite flying, popular with kids of all ages, requires that certain rules be employed. If fun is to last, rules must be obeyed. Electricity makes a demanding referee.

Because electricity will take the shortest route to the ground, metal struts, metallic wire, wire-reinforced string and even damp string will act as a conductor.

The golden rule of kite flying is keep away from power lines. The best places for kites and kite flyers are the wide open spaces.

WEDDING SHAW - HOGG

Minden Anglican Church was fully decorated with flowers on April 4th for the wedding of Yvonne Emma daughter of Mr. and Mrs. Lawrence Hogg and Raymond David, son of Mr. and Mrs. Charles Shaw of Haliburton with the Rev. Howard Best officiating.

Misses Lynn, Sandra, and

Barbara Barnhart of Carnarvon sang "O Wonderful Love" during the singing of the register.

Given in marriage by her father the bride wore a street length gown of blue chiffon over taffeta, a hat of blue petals with nylon net. She carried a white bible with carnations.

Her attendant was Wanetta Miscio wearing a nylon knitted dress in pink and a hat of white lace with nylon net and pink bows. The Best man was Ted Pipe of Minden.

For the dance at the Canadian Legion, Haliburton, the bride's mother received wearing a navy two-piece dress with black accessories and red carnations. She was assisted by the groom's mother in a beige dress with a hat of brown petal and nylon net and a corsage of white carnation.

Guests were present from Toronto, Oshawa, Lindsay, Kirkfield, as well as Minden and Haliburton.

The happy couple will be living in Haliburton.

CANADIANS SENT HOME FOR SAFETY MEASURE

Mrs John Bumister and two small sons returned to Canada from Port of Spain, Trinidad until peace has been restored. Mrs Chris Lazier of Minden had her daughter visit her on the weekend. Mr Bumister is with the Canadian Imperial Bank of Commerce in Port of Spain.

ABOUT THE TOWN

With Jeanne Sears

The Grade eight students have been very busy these past weekends. They are doing various projects to raise money for excursions. A week ago a Walkathon was won time-wise by Kirk Hewitt and Karen Mackenzie. However money-wise, through sponsors, the winners are yet to be decided and are very close between Susan Maxwell, Chris Pritchard and Jean Cooper. This past weekend they had a very successful Rummage Sale and Car Wash. The draws on chocolate cakes were won by Mrs. H. MacIntosh and Lenore Prentice.

These kids deserve a lot of credit for all the effort they have put in these projects to raise their own money, for their own use.

* * * *

The Bankrupt Sale at Griffiths Store was over-crowded at the opening, 10 o'clock on Thursday and many items cleared out at once. We understand this will continue for ten days, a good time to stock up on gifts for showers, and Christmas as everything has to be sold.

* * * *

The UCW had an extra day of bowling at Minden Bowl last Wednesday with winners on hidden scores being won by June Beeney, Anne Thurston, Jude Dobson and Freda Hulbig.

* * * *

Hint of the week — with the boating season coming soon, if you have to tow a small boat, tie floats to the line and there will be no danger of it becoming tangled in the motor.

* * * *

Patients, at the local hospital early this week included G. Tribe, R. Thompson, Mrs. D. Prentice, Mrs. Mabel Titus, Wallace Walker, Mrs. Audrey Douglas and baby girl Hall.

* * * *

We noticed that Ev and Loyne Cox are home again after a winter spent in the sunny south and both have lovely tans from the sunshine.

* * * *

The firemen were called out twice on Monday, once to an early morning fire at a cottage and again in the afternoon to a minor fire in the village. Watch those grass and brush fires don't get out of hand.

* * * *

Everyone will be watching the outcome of the Quebec election Wednesday (yesterday) with great interest as to whether that part of this country will separate from the rest of us. It was of interest to note that the securities were moved to Toronto for safe keeping.

* * * *

Do you think this is right? — In the good old days, the man who saved money was a miser; nowadays he's a wonder!

* * * *

It's easy to sit back and say
"I'll leave it till some other day."
But if you don't begin to try,
You may be left there, high and dry,
So, go ahead, start something new,
And find out just what you can do.

* * * *

Quite a bit of wet weather last week, lovely weekend, guess the fine weather may stay.

Cheerio until next week.

FOR SALE

AS IS — WHERE IS

1 — 1966 G.M.C. Express 1/2 Ton Truck

1 — 1957 Oshkosh 28 G.V.W. Truck

This equipment may be seen at the Ontario Hydro Service Building in Minden 8 a.m. to 5 p.m. Monday through Friday. Offers will be received up to May 21, 1970.

All offers must be accompanied by a certified cheque amounting to 10% of the total offer and mailed directly to Ontario Hydro Service Centre, Surplus Sales Section, 200 Kipling Ave. South, Toronto 550, Ontario in a sealed envelope marked "Transaction No. 7008-SA".

by Lorna Rogers

On May 2, 1970, a royal charter was issued giving to 'The Merchant Adventures of England trading into Hudson's Bay' the monopoly of trade in that area and full ownership of all lands reached through Hudson Strait. Three hundred years later, to the day, CBC radio salutes the tercentenary of the Hudson's Bay Company in a special two-hour program produced in Winnipeg. Still the greatest fur trading enterprise in the world, 'The Bay' today operates a network of 217 Northern Stores plus eight major department stores.

James Earl Jones, the first negro actor to win a Tony award (for his compelling performance in the Broadway play, The Great White Hope) is the subject of an interview on CBC Tuesday Night, May 5. The play is based on the story of Jack Johnson who, during his rise to fame as a heavyweight champion, caused riots in Chicago and incurred the hatred of the white community for defeating a white opponent and having a white mistress, two cardinal sins for a negro in the early days of the century, long before black power and desegregation. Jones is to star in the movie version of The Great White Hope.

Pollution is everybody's number one dirty word these days, and the producers of Ideas Network, aware of growing concern over environmental degradation put together an in-depth series on the subject. On Wednesdays, from April 29 to June 3, leading ecologists and biologists will report on the environment crisis stressing the need for man to maintain a balance in nature.

Devotees of radio's highly and its importance now, more than ever, if man is to survive. successful comedy series, Funny You Should Say That, will be glad to know they no longer have to wait till Sundays to tune into their favorite program. As of April 27 they can listen whenever they please, and catch the jokes they may have missed the first time. On that day, two new CBC recordings, The Best of Funny You Should Say That (Dominion label) and L'Anglais (RCA Victor) will be available in record shops. Through the French-speaking husband and English-speaking wife (L'Anglais) are no longer part of the show, their bilingual bickering will be remembered as the highlight of last year's series.

ENGAGEMENT

Mr. and Mrs. Charles Stevens of Minden wish to announce the engagement of their daughter Lynda Bonney to Mr. Clifford Charles Skelding, son of Mr. and Mrs. Cliff Skelding of Carleton.

CARD OF THANKS

The family of the late Samuel Nesbitt wish to thank those who expressed sympathy in the loss of a dear father and grandfather. Special thanks to Frank Welch Funeral Director, Rev. Lorne Schmidt, Rev. R. Anderson and friends and neighbours who offered floral offerings and the prayers and comfort of our Christian friends from Allsaw Mission. It helps to bear the burden of sorrow.

The Grade 8 pupils of the Minden Public School would like to thank everyone who helped to make their Rummage Sale such a success. Due to the great response the pupils will be holding another Rummage and Bake Sale this Friday and Saturday at the same location, next to the Moderne.

I wish to thank Dr. Armstrong, Minden Ambulance Service, Dr. Service and nurses at Ross Memorial Hospital and many get well wishers.

Mildred LaBarge

COMING EVENTS

The regular meeting of the Auxiliary of the Hyland Crest Home, Minden, will be held on Monday evening, April 27, at 8 o'clock DST. Come and bring a friend.

IN MEMORIAM

I would like to express my sorrow in the loss of Royce Walker one year ago. He was a good neighbour and friend, and will always be greatly missed.
